## *Introduction to Lebanon Valley College*

Lebanon Valley College, a church-related college of Liberal Arts and Sciences, enjoys the distinction and prestige resulting from ninety-six years of service to American youth and to Christian higher education. Classified as a small college, it enjoys a reputation for friendliness and courtesy. Placing strong emphasis on student-faculty contact, Lebanon Valley College is proud of the amount of individual attention devoted to each student. It strives to provide an opportunity for each student to develop his intellectual capacities and his whole personality. Its curriculum, designed to provide a basic foundation of liberal education, also offers professional specialization in areas in which staff and facilities are available.

The college motto, taken from John 8:32, "And Ye Shall know the truth, and the truth shall make you free," has provided a continuous challenge to each succeeding generation of students.

## *Objectives*

The educational objectives of Lebanon Valley College are as follows:

1. To provide an opportunity for qualified young people to procure a liberal education and to develop their total personalities under Christian influences.
2. To help provide the Church with capable and enlightened leaders, both clerical and lay.
3. To foster Christian ideals and to encourage faithfulness to the Church of the student's choice.
4. To help train well-informed, intelligent, and responsible citizens, qualified for leadership in community, state, and nation.
5. To provide pre-professional students with the broad preliminary training recommended by professional schools and professional associations.
6. To provide, in an atmosphere of liberal culture, partial or complete training for certain professions and vocations.
7. To provide opportunity for gifted students to pursue independent study for the purpose of developing their intellectual powers to the maximum.

## *Accreditation*

Lebanon Valley College is accredited by the Middle States Association of Colleges and Secondary Schools, and by the Department of Public Instruction of Pennsylvania. It is a member of the Association of American Colleges and of the American Council on Education, and is on the approved list of the Regents of the University of the State of New York and the American Association of University Women.

All resident students are required to take their meals in the College Dining Hall. Commuting students may arrange for meals Monday through Friday, if space is available.

# *Financial Aid*

Lebanon Valley College gives financial assistance to deserving students in so far as its scholarship and aid funds permit. In the assignment of scholarships and grants-in-aid, and in the granting of loans and other forms of assistance the scholarship record, personal character, general cooperation, and need of the individual are considered.

Scholarships do not apply to accounts for tuition for extra semester hours taken. In general, scholarships are not applicable to summer school tuition. No scholarship or rebate is granted for less than a semester.

Students in need of financial assistance may apply for such aid after they have been notified of their admission to the college. Application for aid should be made in writing to the Chairman of the Scholarship Committee. This is to be supplemented by information submitted through the College Scholarship Service, Box 176, Princeton, New Jersey, on forms available at the office of the high school principal.

Scholarships may be granted for periods of from one to four academic years. Grants-in-aid and loans are made for a maximum period of one academic year, but students may reapply. Financial aid for returning students is dependent upon satisfactory scholarship for the preceding semester.

All scholarships and grants-in-aid awarded for a specific school year are payable in two equal installments, one in each semester. Work aids are paid upon certification that the work is completed.

## *Competitive Scholarships*

Competitive scholarship examinations are conducted at the college each year. Any high school senior, in the upper-third of his class, who meets the admission requirements of the college, is eligible to participate. Information and applications may be procured by writing to the Director of Admissions.

Recipients of competitive scholarships are required to complete their undergraduate work at Lebanon Valley College or refund the used portion of the grant to the college.

Scholarships won in the Competitive Examinations, or granted for high scholastic standing, can be retained only if the student maintains a grade point average of 2.5 or better.

## *Remissions*

Resident students preparing for the ministry of the Evangelical United Brethren Church are entitled to an annual reduction of \$525.00. Non-resident students preparing for the ministry of the Evangelical United Brethren Church are entitled to an annual reduction of \$350.00.

Children of ministers of the Evangelical United Brethren Church residing in the residence halls are entitled to an annual reduction of \$300.00; non-resident students are entitled to a reduction of \$225.00.

A student may borrow a maximum of \$600.00 in any one year and a total of \$2400.00 during his college career. Loans are interest free during the period that the student is in college. The student admitted to Independent Study will participate in Psychology 45—Seminar for a maximum of 9 hours. The hours will be distributed over the junior and senior years with a minimum of one and a maximum of three hours to be taken in one semester.

The core of the program will consist in the investigation of a principal problem over the two year period, beginning with the study of the literature and culminating in the design and execution of a direct study project. Results of this project will be reported and defended during the second semester of the senior year. The student may elect, for additional credit in Psychology 45, to study problems or to carry out projects and experiments relating to courses in which he is regularly enrolled.

Graduation with Honors in Psychology will depend on the quality of performance in the specified activities, on the maintenance of the grade-point averages specified for admission to the program, on the results of the departmental comprehensive and the Graduate Record Examination, and on the final approval of the departmental staff and the Dean of the College.
